As far as I know all Arcam upgrades are dealer fit. The only upgrade path for the Alpha range is to fit the DAC that was in the DIVA CD 82. I am not sure if this is still available. You may have a faulty joint or component - not sure how much it would cost to repair - phone Arcam support they should ...

I'm not familiar with the Arcam 7R, is there a 'Direct' button which disables the tone controls and perhaps the balance control? If so is it engaged? As for the manual - just checked the Arcam website and in the discontinued product section that particular amp is not listed, in fact only DIVA and ...

Your own experience with a particular tuner will depend, to some extent, on reception conditions in your local area. For example, a listener in a metropolitan area where strong local stations crowd the FM band will need a tuner with excellent selectivity if he or she wishes to receive any of the more distant stations between the locals.
