One of the best insulin injection sites is the abdomen, as it usually has a layer of fat and absorbs the insulin into the body well. Some people may have very thin abdominal areas, though. Other parts of the body, such as the thighs, backs of the upper arms, and buttocks, are also good sites.

What are the Best Insulin Injection Sites? (with pictures)

This is by far the best professor I have ever taken, Math is not my strong subject but with him he makes it so easy. I took this class online which means no lectures which I was a little bit hesitant about but the videos and instructions he posted with the homework makes it so easy and enjoyable to learn.
